*Hyde Park Wine Experiences and Culinary Adventures*

More and more members are focusing their interest on wines and food pairings, so we came up with an idea, to give you the member a brief education about new and exciting wines that you can find at your favorite wine store or here at the club.

Have you ever gone to your favorite merchant and were completely overwhelmed when you saw all the bottles of wine on the shelves? Then the salesperson comes over and attempts to help you make a decision. Before you know it, you purchase wines that are not very good at all. We can help you eliminate this experience when you sign up to receive this new email publication.

Every other month Chef Paul and I would like to send out a personal email informing you of wine buying ideas for your home. Plus, you will receive information on new wine releases, location of hard to find wines, food and wine ideas, wines of the month that we are promoting here at the club, and future wine and food and beverage promotions forthcoming here at your club. This new tool will help you select fine wines plus give you a short education about the grape and focus on food ideas that you can prepare at home.

Here of some of the features we will be covering in the months ahead.

- **Buying futures in wine could be a disaster if you do not know all the facts ahead of time.**
- **Buying wines at Sam's Club could be the worst investment you ever made.**
- **Is it against the law to have wine shipped to your home from out of state?**
- **Can you bring your own wine to the club and have it served?**
- **How long can you keep a nice bottle of Chardonnay?**
- **Do all wines have sulfites?**
- **What is a good dish that can be served with veal or fish**
- **What wines are worth cellaring?**
- **Get the best recommendations on wine purchases and vintage information**

We would like to send out the first email publication on February 9<sup>th</sup>. You will then receive a new issue on the ninth of every other month. We invite you to become a part of this rare and exciting experience. Just put your name and email address down below or on the back of this letter and we will add you to our email wine newsletter list.

Thanks
